

Longopac®

- Endlessly clever

The proven system
for a dust-free
waste collection

- Guaranteed strength for 2 years
- Available with guaranteed level of anti-stat
- 3-layer technology (PE)
- Fully automated and sustainable production
- REACH compliant
- SVHC free

The world's strongest bag with guaranteed length and strength

LONGOPAC DUST

Longopac is the strongest and most sustainable continuous bag system on the market, made from Paxxos world-leading PE-film. Ideal for vacuum cleaners and cyclones, it allows completely sealed, fast dust-free bag changes, reducing the risk of silicosis and improving workplace safety.

By using Longopac, you minimize cleaning needs and enhance your working environment. Paxxo is the proud inventor and owner of the Longopac system.

PAXXO AB

Paxxo was founded in 1980, and has since been a world leader in the manufacture of continuous liners used in a wide range of applications and industries. The company is located in Malmö, Sweden, where Paxxo has its entire production with extrusion and folding and fully automated packaging. Paxxo has always strived to have sustainable a production and to maintain the highest quality standards.

LONGOPAC DUST

- 2-years shelf life
- Available with guaranteed level of anti-stat
- Multilayer technology (PE)
- Fully automated and sustainable production in Sweden.
- SVHC free

Paxxo was founded in 1980 based on making continuous liners.

We offer the Longopac for Dust in several different strengths and two different formats: **Mini and Midi**.

We also offer liners with guaranteed levels of anti-stat.

SPECIFICATIONS

Material	3 layer co-extruded polyethylene (PE)
Cable ties	1—10 bags, 20—60 pcs per bag
Colour	Transparent/Pink

Item no.	Product	Size	Dart drop* (Initial)	Dart drop** (Guaranteed)	Length	Thickness	Diameter	No of Cassettes	ESD
